

# Scrumtool : Gestion de projet de type SCRUM

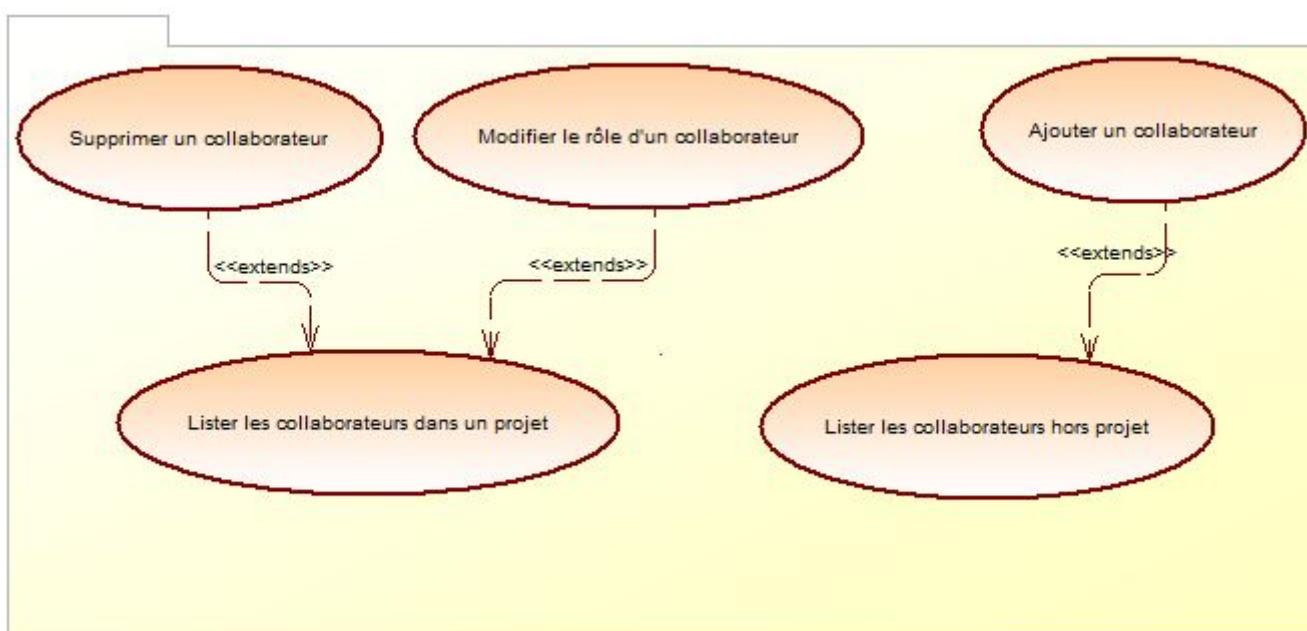

## Gestion des collaborateurs par projet

Description :

Cette fonctionnalité permet d'ajouter, de modifier et de supprimer des collaborateurs dans un projet.

### 1 - Fonctionnalités

Acteur : Administrateur

### 2 - Vues

The screenshot shows the SCRUMTOOL application interface. At the top, there is a header bar with the text "SCRUMTOOL - Developed by TEAMSIQ - version beta" and a close button. Below the header is the main title "SCRUMTOOL by TEAMSIQ" with a logo consisting of three overlapping squares in blue, green, and red. The main content area has two tabs: "Collaborator(s) in product" and "Other collaborator(s)". Under "Collaborator(s) in product", there is a table with two columns: "Name" and "Role". The "Name" column contains "user user" and "Florian Briens". The "Role" column contains "ScrumMaster" and "Developer", where "Developer" is highlighted with a light blue background. At the bottom of the screen are two buttons: "Edit role" and "Add".

## 3 - Contrôleurs

### 3.1 CeditCollaboratorsProduct - Add collaborator
